DESIGN

AIRFLEX™ IMPACT COMBAT KNEE PADS are the latest embodiment of our integrated joint protection system. They offer enhanced impact protection, comfort, and flexibility by incorporating dual-density foam, a unique impact absorbing cap structure, and an expanded VELCRO® attachment area. These pads exceed impact protection requirements of test standard EN14404. These pads are specifically tailored to integrate with all styles of our **>COMBAT PANTS™**. WWW.LWPATENTS.COM. Made in US from US materials.
